OUR OITIZENSHIP, THE PURCHASE OF BIRTH, LABOR AND BROOD

The Glube-Democrat of June 26, published an editorial which unded most jubilantly the praises of the Negro Suldier. Most enmore most juminify the praises of the Negro Soldier. Most em-phitically close it refer to the ambush and massacre at Carrizal, where a section of the Tenth Cavalry fought bravely and nobly. The editorial in part says:

where a section of the Tenla Cavairy longant bravely and nobly. The editorial in part says:

"It was a great exhibition of physical courage and endurance. But the fight at Carrizal was a greater moral demonstration. There was hut remote chance of victury. The Negro-troopers spilled their blood like water, knowing that death was certain. But they had the traditions of the service, the glory of America and the unsufficient of 'libe flighting Tenth' to maintain."

and his devotion to a data in the stars of which he can see his way, the substituted to the control of the service when the stars of which he can see his way, the substitute in the stars of which he can see his way, the substitute in the stars of which he can see his way.

reputation of the fighting Teuth to maintain."

and his devotion to n day in the stars of which he can see his way, through difficulties, to glory; but it is our flag and our country because we have purchased it by labor, blood and patriotism, and no. The sail but algorious event such elementarises the Negro a loyalty petty party organization of rice builters can wrest it from our hands. It is not the Negro, but a certain class of white men, who do not in full appreciate the full power, glory, and magnificent and universal scope which this granul banner gives us. All men are endowed by their Crustor with inalierable rights—free speech, free egilizion, free press, the process of law before conviction, the protection of life, liberty and property, impartial jury trial, gonal protection of the law, eitzenship to all born for naturalized in the United States. Three are the principles that the old flag has written on its folds, in the blood of white men and the blood of Negroes. Upon these our patriolism stands and for these our brave joidiers, as well as the American arises of brave white soldiers, hove fought many hard won battles.

Upon the unsuffield currage of the Negro soldiers at Carrizal, at Sau Juan, as well a thousand other places do we stand and demand that the American people give us the right to vate and put no partial restrictions upon it, that we are allowed to travel as others, that no restrictions he placed upon our right to live at any place where by purchase or contract we have ablained the right to a residence. This is what the Negro fights for and this is what the American flag represents, and no party, however poisoned it may be with race feeling, can make the dear old, flag of our country represent anything else.

pesent anything else.

It is our flag and our constitution. C'Oura to defend, ours to transmit, ours to enjoy, and ours to perpetuate."

Frederick Douglass said in 1864, when the fight was on for the enfranchisement of the Negro and the Massachusetts 54th Regiment and other Negro teops had covered themselves with glory on many battlefields in the South, Douglass then said: "If we are good enough to use bullets, we are good enough to use bullets, we are good enough to march with white men, under the star-pangled banner, to the battlefield, we should not be denied, the right to march with white men, under the star-pangled with white men, under the star-pangled banner, to the ballot box."

We cannot be citizens when the nation is in peril and aliens when the hation is all safety. Against such a conclusion every sentiment of honor and manly fraternity riters an indignant protest.

The Seventeenth Ward has now a fine opportunity to elect a Negro member of the city Republican Committee. We hadly need a Negro representative on that most important board of party management.

agement.

The 17th ward has the largest Negro vote of any ward in St. Louis and it should be represented on the City Republican Committee of St. Louis. It to recent years the City Committee always had a Colored member, sometimes two and three, and the 'preliminary affairs of that party were sever arranged without consultation with

affairs of that party were sever arranged without consultation with the Negro.

Now is the lime to elect a committeeman, don't put it off any longer. Find a good, strong man. A man'of boner and brain, and to can do wonders for the great body of Negroes. We must not let our individual aspirations interfere with the auccess of the movement. If we can't get the man we want, why, then agree ou any other good fellow. If to together, vote for one Colored man for the committee, and he will be elected.

The Negro polls over 75 per cent of the vote in the entire ward. Precincts 1, 2, 3, 4, 8, 7, 8, 12, 13, 14, and 15 are almost solid Negro votes. Precincts 5, 9, 10 are over 50 per cent Colored.

Your political powers are measured by your roting strength. So now is the time to thow your logality and support a Negro for Committeeman from the Seventeenth Ward.

Budweiserand Other Foods

ere's food value in beer—as well as beverage enjoy-nt. A bottle of Budweiser may not-be offered as-mplete meal—but irhas its place in the meal compar-e to bread, milk or any other of the dishes or drinks it are part of the well-balanced lunch or dinner.

The alcohol in beer (a small percentage) has its tonic value and its use as an appetizer. The hops have a nerve-scothing value. The malt not only has food value, but is, of all foods, one of the most quickly and easily turned by digestion into nourishment. By its very nature beer is especially thirst-satisfying.

Here are Two Little Charts

that show graphically and in figures comparisons be-tween beer and other beverages and beer and other foods:

Comparation Nutri. Sous Extract Colstent		Comparating Alcohol Content						
	White							
	-							
	Raine Wine							
1		\$ 100 m		* (5°C			27	
	Beer	44.				/

Carbohydrates - · · -	52.0%	4.8%	5.0%	2.25%	ROME

Mineral Substances · ·	1.0%	6.7%	0.2%	9.2%	2014

When you think of beer for your table, of course you'll settle on Budweiser.
